TechStart Instructor

Joined TAF in September 2007

#### BIO:

Hi, my name is Tri Nguyen. I was born in Saigon, Vietnam. I have been living in America for almost ten years. When I came to America I began tutoring mathematics at South Seattle Community College. In 2002, I was a Teacher Assistant at Highline Community College. In 2007, I graduated from Washington State University in Mathematics and Education. I have been teaching at TechStart since September, 2007. My goal is to teach students to learn how to learn and also to foster a "love of learning" and a "love of creating." My teaching philosophy is to care about my students, teach passionately and create an active learning environment.
