

We will stop collecting phones June 15, 2009

Go to wirelessfundraiser.com, choose donate to TAF, print a label and send your phone. It's that easy

We will accept all cell phones. The battery must be with the phone!

We don't accept: Phone chargers

The Technology Access Foundation in partnership with Wirelessfundraiser.com present...

Cell Phone Recycling Fundraiser

The middle school students at the Technology Access Foundation (TAF) have decided to help keep the Environment safe by hosting a Cell phone recycling fundraiser. We need the cell phone with battery. What we will do with the cell phone is send it to a recycling place and receive money for TAF. The phones then will be sent to underserved countries and to Women's shelters in the US.
