

Technology Access Foundation in partnership with Interconnection present!

## Spring Computer Recycling Drive

The middle school students at the Technology Access Foundation (TAF) have decided to help keep the environment safe by hosting a Computer Recycling drive.

**Date:** May 9th, 2009

**Time:** 10am-2pm

Technology Access Foundation

Bring your items you want to get recycled to.

### **Genesee Learning Space**

4436 Rainier Ave South

Seattle, WA 98118

Phone: (206)722-2369 x102

Fax: (206)725-9097

E-mail: richardb@teachaccess.com

### Items that we will accept:

**Desktop Computers  
Laptops, and Monitors**

### We don't accept:

**Copiers, Diskettes, Microwave ovens; Appliances**

**Styrofoam or Cardboard**

For every **10** computers collected (Pentium 3 and up)\*\* Our students will receive a newly refurbished Pentium 4 of their own!

**Our goal is to earn a refurbished computer for each of our 8 students.**

**If we don't recycle computers the effects of it will harm our environment. For example if you leave it on the street the lead can leak out and cause pollution. Another example is that people can steal information from your hard drive and use it to blackmail you or they can steal your Identity.\***

\*All hard drives on all computers are securely erased using Department of Defense standards. Hard drives that are not able to reuse are destroyed.

\*\* P3 must be at least 800megaheartz
